

Don't Think Twice

Allister

Take these promises I've made
And hold them strong
Don't think twice about those things that I did wrong
Cause I'd never do something intentionally just hurt you
And I've stared at the sky
and I've asked myself why you've become like an angel to me
Still the days and the weeks and the hours go by
and the minutes they just fade away
And I'm missing you every second in time
And it hurts cause you're so far away
All tears that I cry when you're not by my side
And those nights I dream of kissing you goodnight
Are on my mind
