## Allister

Take these promises I've made

And hold them strong

Don't think twice about those things that I did wrong

Cause I'd never do something intentionally just hurt you

And I've stared at the sky

and I've asked myself why you've become like an angel to me

Still the days and the weeks and the hours go by

and the minutes they just fade away

And I'm missing you every second in time

And it hurts cause you're so far away

All tears that I cry when you're not by my side

And those nights I dream of kissing you goodnight

Are on my mind
