

## I Told You So

Allister

you met this girl the other day  
you met this girl the other day  
you said that she was the one  
who'd never get away  
but she left you for another guy  
i tried to tell you that she'd never stay  
but you never listen  
so now i wanna say  
I told you so  
she'll never come back
