

If You Didn't Mean It

Allister

When everything that comes from your mouth is
Overwhelmingly sarcastic
It's time to lower your defense
'Cause if you keep going on like this
I'll never know what to believe
If you didn't mean it, then why did you say it?
If it's what you want, then why all the games?
At the edge of what I can take
And the least you can do is give it to me straight
When everything is life or death,
Your words have started losing their effect
I can't keep being forced to guess
'Cause if you keep going on like this
I'll never know what to believe
If you didn't mean it, then why did you say it?
If it's what you want, then why all the games?
At the edge of what I can take
And the least you can do is give it to me straight

You keep going on like this
I'll never know what to believe
I'm never gonna understand
If you won't ever let me in
If you didn't mean it, then why did you say it?
If it's what you want, then why all the games?
If you didn't mean it, then why did you say it?
If it's what you want, then why all the games?
At the edge of what I can take
And the least you can do is give it to me straight
