## **Blame It on September**

## **Allstar Weekend**

I can still see you standing there Summer tangled in your hair First week of July First day of my life

My voice shook when i said hello And from that word, i couldn't take it slow I still can't believe The way you looked at me

Now the nights turn colder Your head's on my shoulder We do our best to pretend Waves get louder I'm lost without her As summer starts to end

Let's blame it on September 'Cause it hurts to remember We can fight to hold on But August is gone And even if the sun falls I hope we don't lose it all 'Cause no summer lasts forever Just blame it on September

We drew hearts there in the sand Laughed when waves erased our plans No, we never knew But they told the truth

I can still hear our laughing friends As we sneak off again and again No we never cared Too young to be scared The nights turn colder Your head's on my shoulder As summer starts to end

Let's blame it on September 'Cause it hurts to remember We can fight to hold on But August is gone And even if the sun falls I hope we don't lose it all 'Cause no summer lasts forever No

On the beach In the heat You know i need that sweet ocean air I'm gonna go Where i know we can be alone I'll wait for you Wait for you there

Blame it on September

We can try to hold on But August is gone

Blame it on September 'Cause it hurts to remember We can fight to hold on But August is gone When the sun falls I hope we don't lose it all 'Cause no summer lasts forever Lat's blame it on September Blame it on September

I can still see you standing there Summer tangled in your hair
