

# Here with You

Allstar Weekend

You were my favorite poster  
Hanging on a wall and just like a roller coaster  
You kept me waiting for a fall

A surprise I expected and protected  
Like it was all I ever knew  
In your eyes you selected me  
The same way I chose you  
The same way I chose you

I kept you like a secret  
And everything I went through  
You would not believe it  
To keep your face up on my wall

From my mom I defended and pretended  
That you were no big deal  
'Cause to her you were paper  
But in my eyes you were real  
In my eyes you were real

I'm so in love with you  
My mind is set on you  
This time and every time  
I just can't get enough of you

And when I'm stuck at home  
They think I'm all alone  
Don't know what I would do  
If they knew I was here with you

Here with you, here with you  
Here with you, here with you  
Here with you

If they knew I was here with you

You came in my life  
At a time I was down  
You colored the world  
And turned it around

And I can't believe  
It's all that I need, it's true  
And I don't wanna fight this

I'm so in love with you  
My mind is set on you  
This time and every time  
I just can't get enough of you

And when I'm stuck at home  
They think I'm all alone  
Don't know what I would do  
If they knew I was here with you

I'm so in love with you

My mind is set on you  
This time and every time  
I just can't get enough of you

And when I'm stuck at home  
They think I'm all alone  
Don't know what I would do  
If they knew I was here with you

I'm so in love with you  
(Here with you)  
My mind is set on you  
(Here with you)

This time and every time  
I just can't get enough of you

And when I'm stuck at home  
(Here with you)  
They think I'm all alone  
(Here with you)

Don't know what I would do  
If they knew I was here with you
