

# Not Your Birthday

Allstar Weekend

Every clock is ticking faster  
Taking trips around the sun  
Another year, another chapter  
5 and 4 and 3 and 2 and 1

Drop your calls, lose your keys  
Before the night is gone  
Get yourself out your seat  
Oh oh  
Quit complaining move your feet  
Until the break of dawn  
Cause nobody really cares about the day that you were born

Except for everyone who ruins your birthday  
You gotta party like it's not, party like it's not  
This songs for anyone who is having the worst day  
You gotta party like it's not, party like it's not

Oh o oh  
Party like it's not, party like it's not  
Like it's not your birthday  
Party like it's not, party like it's not  
Oh o oh  
Party like it's not, party like it's not  
Like it's not your birthday  
Party like it's not, party like it's not  
Oh o oh

Take a moment of the good life  
Chase it down until you fall  
365 nights  
Why just one if we can have them all

Drop your calls, lose your keys  
Before the night is gone  
Get yourself out your seat  
Oh oh  
Clap your hands, move your feet  
Until the break of dawn  
Cause nobody really cares about the day that you were born

This songs for everyone who ruins your birthday  
You gotta party like it's not, party like it's not  
This songs for anyone who is having the worst day  
You gotta party like it's not, party like it's not

Like it's not your birthday

I wanna see everybody on the floor  
Well go and send your invitations  
Do it now cuz time is wastin'  
Life is tough so loosen up  
Dj turn that weekend up  
Get down, get loud  
Everybody stand up, everybody go nuts  
Throw your hands up  
Ok, Check it out, here's the plan  
We gonna dance till we can not stand  
Move your feet to every beat  
O Crap, bring it back, put it on repeat  
When the crowd goes wild then you know it's on  
If you wanna party then here's your song  
It's alright it's ok  
It's not even my birthday!
