

Best Friends

Allstars

Alright now Yeah Yeah Yeah Yeah
Woooo alright now We are best friends
We are best friends
Sun out in the park
Get a game a play until it's dark
Catch a movie too
Just some of the things we get to do
Pick your favourite song
Turn it up loud
Come and dance along
Our nights are fun
And how the days, days
Days roll on and on
That's really cool I get to spend more
Time with you That's A OK
I'll be your best friend any day

At the party I meet my best friends
We go clubbing every weekend
Take it through to a chillout Sunday
(yea yea yea) Woo hoo hoo
Alright now Yeah yeah yeah yeah
Woo alright now We are best friends
Best Friends We are best friends
Sometimes we vibe out
No need to scream no need to shout
You know what to do
Just call me up and we'll work it through
We get up and get out
We're out of sight (there ain't no doubt)
Those little things you do
A friend in need is a friend in deed
That's really cool I get to spend more
Time with you That's A OK
I'll be your best friend any day

At the party I meet my best friends
We go clubbing every weekend
Take it through to a chillout Sunday
(yea yea yea) Woo hoo hoo
Alright now Yeah yeah yeah yeah
Woo alright now We are best friends
Best Friends We are best friends
Send a message to my best friend
We get together every weekend
Money's always spent by Monday
(yea yea yea) Woo, hoo hoo
Alright now, yeah yeah yeah yeah
Woo alright now We are best friends
Best friends We are best friends
Looking out for you
And that's what friends do
You're always there for
