

Pandora's Box

Allstars

I feel like screaming
My mind is burning
You can see the pain in my face
I wish I could be in a different place

Marks on my back
Because of this alien attack
No one believes me
Try to turn the key

When I open Pandora's box
I saw my life in a shock
Life isn't always fun
So Rock On

Standing in the black sea
Waves are higher than me
Oh my god
Why can't you see?

A swarm of bees
Trying to sting me
My mind is turning 180 degrees
Finally I can see the sun is shining at me

When I open Pandora's box
I saw my life in a shock
Life isn't always fun
So Rock On

Everything that was black is pink
I'm trying to think
That life isn't so bad
So I'm glad to hear that

Doors are reopening
And the clouds are disappearing
The wind blows through my hair
This was my last prayer

When I open Pandora's box
I saw my life in a shock
Life isn't always fun
Rock On
