

# Beyond Tomorrow

Almah

Drifting  
Life has led me here  
A unity of facts and chances  
That I could not predict

Learning  
Reality is free  
From all our vague human ambitions  
Indifferent to our dreams

Why am I to know what no one knew?

Where is the end?  
I ask myself  
Is it only an illusion?  
And I ask myself  
Is it all too real?  
I ask myself  
What's beyond tomorrow?  
Then just ask yourself  
Can you let go of hate?

Twisted  
We've turned into machines  
You are not supposed to question  
Rules by which you live

Answers  
We're offered every day  
Uncertainty is not accepted  
Reason is betrayed

Drifting  
No matter what you see  
You are not supposed to question  
The rules by which you live

Knowing  
Reality is free  
When circumstance is not accepted  
Reason is the key

How should I know all the secrets?  
All the lies that try to fool me  
How I can uncover all the truth?
