

Beyond Tomorrow

Almah

Drifting
Life has led me here
A unity of facts and chances
That I could not predict

Learning
Reality is free
From all our vague human ambitions
Indifferent to our dreams

Why am I to know what no one knew?

Where is the end?
I ask myself
Is it only an illusion?
And I ask myself
Is it all too real?
I ask myself
What's beyond tomorrow?
Then just ask yourself
Can you let go of hate?

Twisted
We've turned into machines
You are not supposed to question
Rules by which you live

Answers
We're offered every day
Uncertainty is not accepted
Reason is betrayed

Drifting
No matter what you see
You are not supposed to question
The rules by which you live

Knowing
Reality is free
When circumstance is not accepted
Reason is the key

How should I know all the secrets?
All the lies that try to fool me
How I can uncover all the truth?
