

## Magic Flame

Almah

A decision can change all your ways  
Your belief gives you strength to retrieve  
In your fears you can dive  
All the tears you can dry  
Just depend on you to carry on

There's a magic flame hidden inside  
There's a golden bell wishing to chime

Somewhere - places to go  
Signs and meanings that flow  
Grab your chances and just carry on

Oh! You'll live forever  
If you bring your spirit together  
With you into the world you belong  
Then your dreams can live again

Someone told you the feelings you hide  
Are the mirror that reflex your pride

Somewhere - places to go  
Signs and meanings that flow  
Grab your chances and just carry on

Oh! You'll live forever  
If you bring your spirit together  
With you into the world you belong  
Then your dreams can live again

Go!  
Look out!

Go! Go! Find your freedom  
Go! Go! Going forward

Oh!  
Screams in your mind say to go  
Oh!  
Step by step you light your soul
