

King Almora

Almora

Breaking honour
A heartful of anger
Last prayer for lost island

Crying shadows
And destroyed a kingdom
Last prayer for lost island

There is no tomorrow
Just never ending sorrow
Happy future is too far

When the night comes down on eznora
You wittness to fall of king almora

The hand of treason
The face of the darkness
Last prayer for lost island

The drying tears
A falling a hero
Last prayer for lost island

There is no tomorrow
Just never ending sorrow
Happy future is too far

When the night comes down on eznora
You wittness to fall of king almora
