

Loving You Is Killing Me

Aloe Blacc

1. Loving you is killing me
When you know it should be thrilling me
Loving you is choking me slowly
When I'm with you I still feel real lonely
Loving you is busting me
You don't ever put your trust in me
Loving you should mean that I'm your king
You don't make me feel like anything

R: Now I never knew you'd be so evil
(How did you get to be so evil girl)

Now you telling me I was bad to you
(You don't know what your talking 'bout girl)

Hear me when I say
You can't just do whatever you want, girl

2. Loving you is killing me
When it really should fulfill me
Loving you is aching me sadly
When I know it should be makin' me happy
Loving you is like a twisted game
Where the only thing I win is pain
Loving you is hurtin' me
Every word you say you murder me

*: Stop children, what's that sound
Looking my heart all over the ground
Stop children, whaddaya you see
Why you keep shootin' at me

R: I never knew you'd be so evil
(How did you get to be so evil girl)

Now you telling me that I'm bad to you
(You don't know what your talking 'bout girl)

Hear me when I say
You can't just do whatever you want, girl

*: Loving you
Is killing me
Is killing me

Loving you
Is killing me
Is killing me

3. Loving you is killing me
When you know it should be building me
Loving you is holding me back
Why the hell you make me feel like that
Loving you, ain't worth all the suff'ring
In return you never give me nothing
Here's the news about loving you
Well it's something that I used to do

R: Well, I never knew you'd be so cold
(How did you get to be so evil yeah)

Now you telling people I was bad to you
(You don't know what your talking 'bout girl)

Hear me when I say
You can't just do whatever you want, girl
