

# You Make Me Smile

Aloe Blacc

You make me smile  
Uhm, you make me smile

I think it's safe to say  
things just haven't been going my way  
No work coming in so my money's spent  
and I still got bills to pay  
But all in all you been right here with me  
When I'm sinking, oh, you come through and lift me  
It's nothing more then the love that you give me  
keeps me from drowning in tears

You make me smile  
oh, you make me smile  
You make me smile  
Come through and save the day  
you make me smile  
you make me smile  
you make me smile  
in a very special way

Everywhere I go people seem to ask me  
where I'd get my joy, why am I so happy  
In these trying times when a frown is the fashion  
I'm beaming like the sun now how can that be  
See the answer to the query is very simple  
I'm always grinning from dimple to dimple  
Because you love me unconditionally  
my happiness is heartsake, can't you see

where do we go  
Can't you see when you're gone girl  
When you gonna wait for me  
I just don't know what to do  
Don't know what to do  
Everything about you girl  
everything revolves around you

You make me smile  
for makin' me smile  
oh, you make me smile  
came through and saved the day  
you make me smile  
you make me smile  
you make me smile  
in a very special way  
you make me smile  
you make me smile  
you make me smile  
love it how you made me hold my head up high  
you make me smile  
you make me smile  
you make me smile  
feel I got evolved in the sky  
you make me smile  
when nothing's going my way, what else can I say  
you make me smile

when I can't see the light here you come shinin' bright  
you make me smile  
when everything's bad and I'm feelin' real sad  
you make me smile  
when I don't have the answers you always give me a chance to  
you make me smile... smile... smile
