

# Wake Me Up

Aloha from Hell

Wake me up  
This pain is just too real  
The fear is destroying me

A boy a girl loved each other  
A love so true  
She thought she'd love him forever  
He talks so smooth

She heard him say "love you always"  
Forever stay  
Now she wakes up tired  
It's the sound of her baby  
She's all alone  
And he's gone

Wake me up  
This pain is just too real  
The fear is destroying me  
Wake me up  
This pain is just too real  
The fear is destroying me

Now fear is strong and controls her  
What will she do?  
She is afraid so afraid of the future  
She tries to hide  
Her tears inside

Wake me up  
This pain is just too real  
The fear is destroying me  
Wake me up  
This pain is just too real  
The fear is destroying me

One life, it's yours, don't fake it  
Nightmares don't last, just take it  
We are so young, I know you  
One life, be strong, stay true to

Wake me up  
This pain is just too real  
The fear is destroying me  
Wake me up  
This pain is just too real  
The fear is destroying me
