Aloha

Hello my friend
I'm so sure it's you again
You've emerged looking worse
But it's nothing we can't mend

Your handshake's so weak
And your smile is a fraud
But you've come to the right place
Just in time it's been so long

I've been waiting for you
I've been waiting for you
Our house full of laughter
Our love will live forever

I traced your path
From the letters that you wrote
With a hint of desperation
The attractions were close

And you've picked up some new habits
And you're wearing some new clothes
But you never far from our minds
You were never alone

I've been waiting for you
I've been waiting for you
My house full of laughter
My days go on forever

Affection is illusive
Piece of mind is everyday
Cut your losses
And your illusions the same

Affection is illusive
Piece of mind is everyday
We cure exhaustion
And make confusion
Go away
Go away

I've been waiting for you
I've been waiting for you
Our house is full of laughter
Our love goes on forever
