

Come Back Jesus

Alpha Blondy

Why they're fighting war
And I wonder why they're fighting war
Said I wonder why now
Why they're fighting war

Oh come back Jesus
Come back light
Come back Jesus, my Lord
Come back love

Oh come back Jesus
Come back light
Come back Jesus, Jesus, my Lord
Come back love

Bring peace and love
Peace and love
Jesus, Jesus
Bring peace and love

Oh my Jesus
My sweet Je...
My heart Jesus
My soul aches for you
Teardrops coming through

Why they're fighting war
And I wonder why they're fighting war
Said I wonder why now
Why they're fighting war

Oh come back Jesus
Come back light
Come back Jesus, my Lord
Come back love

Then come back Jesus
Come back light
Come back Jesus, Jesus, my Lord
Come back love

Peace and love
Peace and love now
Jesus, Jesus
Bring peace and love

Oh my Je...
My sweet Jesus
My heart Jesus
My soul aches for you
Teardrops coming through

Love, love, love, love
We need love
Sweet Lord now
We need you

Unity
That's what the wise man say
Unity
That's what the other man say
And unity
That's what Jah say

So I wonder why, I wonder why they're fighting war
So tell me why
Why they're fighting war
Can someone tell me why now
Why they're fighting war

Oh come back Jesus
Come back love
Come back Jesus, my Lord
Come back light

So come back Je-e-e...
Come back love

Bring peace and love
Peace and love
Jesus, Jesus
Bring peace and love

Oh my Je...
My sweet Jesus
My heart Jesus
My soul aches for you
Teardrops coming through

You are the mighty one
You are the mighty one
You've got to be the mighty one
You've got to be the mighty one
You've got to be the mighty one
You've got... be the one

You are the mighty one
You are the mighty one
You've got to be the mighty one
You've got to be the mighty one
