

I'm gonna sleep by the dead sea
And rise up with the birds from the hills
And clean up my sins
While the birds sing
I'm gonna walk up to the top
Of the rock of sacrifice
Cause i know now,that life
Ain't no dice
Yes i know now,that life is a sacrifice.

I'm gonna witness the rising sun from Masada
Witness jah rising sun from MASADA
Sleep by the dead sea
And rise up with the birds from jah hills
And clean up my sins
When the birds sing
I'm gonna climb to the top
Of the rock of sacrifice
'cause i know now
That the lord had comforted his people
Yes the lord had comforted his people
And the lord had comforted his people.
