

# 10,000 Nights

Alphabeat

I was not looking for artsy fartsy love  
I wanted someone to love completely  
Someone more than weekly

I was looking for a decent boy  
For a tender glance (o-o-oh)  
For a safety dance (o-o-oh)

The Wuthering Heights  
And the stormy nights

You give me 10,000 nights of thunder  
But I will give them all back to you  
'Cause you're so ooh, (du-du-du)  
You're so ahh, (du-du-du)  
You're so cool.

You came like a thief in the night and stole my heart  
Uh, like a solitude erasure  
Like an elevator

And I know we'd do anything for love (oh yeah)  
And it is you and me (o-o-oh)  
For all eternity (o-o-oh)

The Wuthering heights  
And the stormy nights

You give me 10,000 nights of thunder  
But I will give them all back to you  
'Cause you're so uhh, (du-du-du)  
You're so ooh, (du-du-du)  
You're so cool (Baby you're so super-supremely-di-ba-be-di-oh)

It feels like 10,000 nights of thunder  
When I've spend the one with you  
'Cause you're so ooh, (du-du-du)  
You're so ahh, (du-du-du)  
You're so cool (Baby you're so super-supremely-di-ba-be-di-oh)

Baby baby you're irresistible and I'm insatiable (uh uh uh-oo)  
Yeah love is an ocean of sweet emotion (sweet emotion)

You give me 10,000 nights of thunder  
But I will give them all back to you  
'Cause you're so ooh, (du-du-du)  
You're so ahh, (du-du-du)  
You're so cool (Baby you're so super-supremely-di-ba-be-di-oh)
