## Alphabeat

Baby let's quit playing chess  
You've been to my address  
You keep checking me out  
I wanna get loud  
Stop playing mouse and cat  
I'm telling you that  
I'm gonna win  
I'm checking you in

Babe it's my move  
'Cause we play by my rules  
We've got time, got time

I can't do this anymore  
Come on baby let's quit  
Playing chess

I've been anticipating your move  
You're hesitating  
Baby I'm waiting, I'm waiting  
I'm moving the queen  
You know what it means  
You're gonna swing  
I'm taking your king
