

Ariana

Alphaville

Driving down the streets, listening to the radio
What do you get? (Ariana)
Reading the papers and the news they scream
Haven't you heard? (Ariana)
She rules the business, she's such a restless genuine juvenile
Everyone knows, wherever she goes
She got chique, she got class, she got style

Arianamaniacs rule the world, haven't you heard?
Arianamania sets the scenes on fire, fire
Arianamaniacs rule the world, haven't you heard?
Arianamania sets the scenes on fire

We're goin' nutz for Ariana
We're goin' carazy for her
Everything glows, wherever she goes
She got sex from her lips to her toes
All the casanovas, even zombies agree
With the hummingbirds and the beasts from the sea
Ariana's a real sensation
When will she be on the, when will she be on the screeeeeen

Arianamaniacs rule the world, haven't you heard?
Arianamania sets the scenes on fire, fire
Arianamaniacs rule the world, haven't you heard?
Arianamania sets the scenes on fire

One, two
One, two, three, four

Arianamaniacs rule the world, haven't you heard?
Arianamania sets the scenes on fire, fire
Arianamaniacs rule the world, haven't you heard?
Arianamania sets the scenes on fire
