

Oh let me live
In a non-stop Crazyshow
From dawn to dusk
On the meadows of happiness
And your billion dollar smile rises up the horizon
In a golden glow
Just like the sun in some Crazyshow
Crazy, crazy...
And I'm dancing on the roof of your mind
In a golden glow...

Go west, dreamcar, gas-mask, superstar
War crime, sun sail, big time, blue whale
Greatest love on TV, telecom, reality
Drag queen, millionaires,
Truth machine and teddybears,
Boop-a-loola, genocides,
Coke & coola, Northern lights
Red bobs, ocean liner, big knobs, sweet Regina
Black hole, serialkiller,
Nat King Cole and wishfulfiller
Oh let me live in a non-stop Crazyshow
Oh let me live in a non-stop Crazyshow...
And your billion dollar smile rises up the horizon
In a golden glow
Just like the sun in some Crazyshow
Yes I can see you there (on the roof of your mind)
Yes I can see you there (on the roof of your mind)
Oh let me live
In a non-stop Crazyshow
From dawn to dusk
On the meadows of happiness
And your billion dollar smile rises up the horizon
In a golden glow
Just like the sun in some Crazyshow...
