

# Fallen Angel

Alphaville

I hear those voices on the radio, I switched it off because she  
told me so  
She's an investigator, she's like an elevator

Nobody told me we'd be all alone, you know somewhere my friend he'd  
left me in that red light zone you know  
She said: I've seen your deepest secrets, son they're just as  
lightning in the look of your eyes

R: I said: I want you, Baby, I said: I want some more, I said: I never  
ever felt it like that moment before  
She's an assassin, she's melting steel in my heart, but I beg for  
more.  
She said: I want your body, she said: I want your soul, she said:  
fallen angel takes it but she'll never let go  
She's an invader -- She's from another world, but I beg for more  
and moooooore

She's raising feelings cutting like a knife, she's pouring fire into  
my liquid life  
There's no escaping from her mysteries, she gives me kisses of the  
stangest kind  
She says: I know you'll like it, so come over here, she says: Just  
let that rhythm filter through your body, dear  
and then she... She always did it and she always will, she'll stay that  
hunter 'till the end of time

R: I said: I want you...
