

## Miracle Healing

Alphaville

Hello my friend!  
It's late and I want to sleep  
But I just can't make it to my bed  
I've got a brand-new song on my screen  
It's called Miracle Healing  
I read it on a sign somewhere in Port of Spain  
(29. 4. 2000)  
I remember a bright-blue-colonial building  
For me it looked like the entrance to paradise  
A place full of smiling people, a place full of happiness  
I was dreaming to go there  
Instead of doing the interview & receive...  
A miracle healing of innocence & ecstasy  
Dreams of independence  
Love, caress & energy  
The circle & square, sound & vision, angels are singing  
You're gonna burn in hell no more  
You're gonna burn in hell no more...  
Are you sure what to think of me?  
Do you know how I should be?  
Is there any damn explanation for this world?  
And what kind of healing would I need?  
Only one thing I know is that I need some help  
I must finish this song to find it all out  
A miracle healing...

Hello my friend!  
It's late and I want to sleep  
And I'm sitting here all alone with my ghosts tonite  
I don't know what to write to you  
I just want to say that I'm thinking of you  
And I hope that you're alright  
I am, well, ...better  
I think it must be because of this letter  
And if it's not so then I really don't have a clue  
If I slept for a thousand years  
Would you dig inside my pyramid?  
Would you resurrect me from the dead  
Would you light up my darkness  
Would you give me...  
A miracle healing...?
