

Too Safe

Alpine

Want to sail
Way away
Across this big water
Feeling sick
Of this land
Need a Chandon

You're shit, you make me want to look at others
Right now, you really want to make me scream
I think I'm falling out of love now
I feel too safe with you
I feel too safe with you

Want to sail
Way away
Across this big water
Feeling sick
Of this land
Need a Chandon

You're shit, you make me want to look at others
Right now, you really want to make me scream
I think I'm falling out of love now
I feel too safe with you
I feel too safe with you

Feel too safe with you
Feel too safe with you (I feel safe)
Feel too safe with you (I feel safe)
Feel too safe with you (I feel safe)
Feel too safe with you (I feel safe)
Feel too safe with you (Feel too safe)
Feel too safe with you (Feel too safe)
Feel too safe with you (Feel too safe)
Feel too safe with you (Feel too safe)
You
You
You...
