I walk alone these city streets  
The same streets I've walked with you  
Each light, each sign, each tree  
Places we've been, places we've laughed, places we've cried  
All these memories come rushing through

My Visions is PLEASURE  
Chaos and Pain with YOU !  
Where am I now, am I falling apart now save me baby  
I reach for the blue sky !  
Black Clouds cover my heart !  
Do I wish for Death, or for just last one breath,  
Just maybe oh no

Kokoro no oku ni kakushita anata wa  
Dare mo ubaenai maboroshi demo  
Furerarenakute mo soba ni itai kara

Darling, kiss my pain  
Nani mo kamo nuritsubushite yo  
I wanna breath that day  
Genjitsu wo koete hoshii  
Nee FLASHBACK HONEY
