

Puzzle

ALSDEAD

Prison walls, can't find my way out,
lost inside this crazy maze
mugen ni tsunagatta CHAOS
zetsuboukan o yobisamasu

Endless walls that trap me inside,
keep on searching day after day
hi genjitsu ni nogareru
ayamachi no jiko bouei

tsumibukaki jiyuu wo yuruseba
boku wa subete o ubawarete
ikiba o nakusu ... I decay

What I gained seems lost with time, nothing left but this empty fuckin rhyme
,
life's a game filled with lies.

ano hi
kimi ga kakaete iru yami ni furete boku wa
wazuka ni chuuchou shita
kimiwa sore o minuete
tsumetai chinmoku no naka mukishitsuna egao de
togireta kokoro o kakushiteita

What seems right can be lost and gone and "we",
lose everything we thought was ours and "this"
puzzle of life will never end.
now I lay my head on my final death bed.

fukuzatsu ni kuichigatte iru futari wa yagate
higeki o mukaeru
barabara ni kuzurete iku

boku o sasaete kita piece wa
atokatamonaku kieuseta
mounidoto modosenai
tashikana genjitsu o ukeire rarezuni
Pray for the light of day

The piece that I was supporting,
will vanish without a trace.

Can I over come...Help me over come
Is this really how it ends...
is there no way to see the light

nee oshiete okureyo
hitowa mikansei no puzzle no mamade
kuchihatete ikuno

ano hi boku ni "hikari" o motometa
kotobanonai kimino sign ga
imagoro mune o tsukisasa sunda
mirai ga kowakunatte

subete ga iya ni natta kimi ni kidzukenakute

barabara ni kuzurete iku
boku o sasaete kita piece wa
mou nidoto modosenai
