

## Come to Life

Alter Bridge

Hey, tore away the veil of weakness  
The enemy now lies beneath us, I think we're safe  
Hey, won't be held down any longer  
No disgrace and no dishonor, keep us chained

There's nothing we should have to pay  
'Cause it's alright, we've come to life  
We'll never shed another tear  
It's alright, we've come to life

Hey, I am bulletproof, I'm so resilient  
To every fool with an opinion, they never break  
Oh, by the way, we always scream to find a reason  
Never doubt or stop believing in escape

There's nothing we should have to pay  
'Cause it's alright, we've come to life  
We'll never shed another tear  
It's alright, we've come to life

Now wicked tongues can speak and rewrite history  
But you can't keep the truth contained  
And like the song was sung  
Realize we're one and don't forget we're here to stay

There's nothing we should have to pay  
'Cause it's alright, we've come to life  
We'll never shed another tear  
It's alright, we've come to life
