

Crows on a Wire

Alter Bridge

If you wanna step into the lights
Well, I'm warning you, be wise
Nothing goes unnoticed

If you wanna lead or be a star
Then expose all that you are
Are you sure you want this now?
They will only tear you down
Cause' they're waiting just like crows on a wire
They pry and conspire, that's all they do
Waiting to consume and devour
The glory and power they gave to you

If you wanna step into the ring
Well, you can't hide a god damn thing
In the end they'll find it

If you've got a secret deep inside
Nothing's sacred or divine
They will always bleed you out
They will always bleed you out

Cause' they're waiting just like crows on a wire
They pry and conspire, that's all they do
Waiting to consume and devour
The glory and power they gave to you

There will come a time when all they give they will steal
What do you think you will find? Know that none of it's real

Cause' they're waiting just like crows on a wire
They pry and conspire, that's all they do
Waiting to consume and devour
The glory and power they gave to you

Let this serve you as a reminder
No, they'll never tire, they'll come for you
Cause they're just waiting to consume and devour
The glory and power, so sad but true

You know it's true
You know it's true
You know it's true
