

Show Me a Leader

Alter Bridge

Well, they're selling another Messiah
Here tonight
But we're all way too numb and divided
To buy it

Singing: No-oh. No-oh. No-oh.
We are all too divided this time
No-oh. No-oh. No-oh. Oh!

Show me a leader, that won't compromise
Show me a leader, so hope never dies
We need a hero this time
No-oh. No-oh. No-oh. Oh.

Disillusioned and tired of waiting
For the one
Who's intentions are pure unpersuaded
We can trust

Singing: No-oh. No-oh. No-oh.
'cause a promise is never enough
No-oh. No-oh. No-oh. Oh!

Show me a leader, that won't compromise
Show me a leader, so hope never dies

We need a hero this time
I know, I know, I know if we're to survive
We need to know this is not the end
How will we ever get by?
It's getting harder to fight out here on our own

Show me a leader, that won't compromise
Show me a leader, so hope never dies
Show me a leader that knows what is right
Show me a leader, so hope can survive
We need a hero this time

(No-oh. No-oh. No-oh. Oh!)

We need a hero this time
Or we will never survive
We need a hero this time
Or we will never survive
