

Lost & Found

AlunaGeorge

When I'm falling, when I'm broken
You can do what you want with me
That was the other night
When I had no will to fight
Now I won't come quietly

Lookin' out for the easy pickin'
Lookin' out for the easy pickin'
Don't you wanna try for someone who gets you workin'?
Lookin' out for the easy pickin'
Lookin' out for the easy pickin'
Don't you wanna try for someone who gets you workin'?

If all you wanted was a lost and found
Should've got me on the rebound
Should've got me on the rebound
Cause now my heart is beating off the ground
Should've got me on the rebound
Should've got me on the rebound
If all you wanted was a walking toy
Then why you lookin' at me boy?
If all you wanted was a lost and found
Should've got me on the rebound
Should've got me on the rebound

You could've had me when I had no luck
You could've done me laid back, buckle up
Now it's another girl, didn't get no pearl of wisdom
Now I don't buckle down easily

Lookin' out for the easy pickin'
Lookin' out for the easy pickin'
Don't you wanna try for someone who gets you workin'?
Lookin' out for the easy pickin'
Lookin' out for the easy pickin'
Don't you wanna try for someone who gets you workin'?

If all you wanted was a lost and found
Should've got me on the rebound
Should've got me on the rebound
Cause now my heart is beating off the ground
Should've got me on the rebound
Should've got me on the rebound
If all you wanted was a walking toy
Then why you lookin' at me boy?
If all you wanted was a lost and found
Should've got me on the rebound
Should've got me on the rebound
