

Got to Keep Moving

Alvin Lee

You gotta keep moving, you gotta keep moving
Gotta keep move on, straight down the line
Gotta keep rolling, gotta keep rolling
Gotta keep rolling, straight down the road

Gotta keep on moving, only way of grooving
If you really wanna rock and roll
Gotta keep on going, only way of knowing
Right down the end of the road

Moving, gotta keep moving
Gotta keep moving, straight down the road, yeah

You gotta keep moving, gotta keep moving
Gotta keep move on, straight down the road
Keep on moving

You gotta keep on moving, gotta keep on moving
Gotta keep on moving, straight down the road
When are you gonna move for me, baby?
Well I like to move it move it
Move, move everyone

Keep on moving, well, I'm moving, yeah, moving on
Keep on moving, baby, yeah, gotta move on down the line
Well I gotta move, yeah, gotta move, move, move
I said, I'm moving on, moving on down the line
