

# Let's Get Back

Alvin Lee

(Gotta loosen up, gotta loosen up !)

Let's get back, together again - let's get back, together again  
It's been a long time, since I went away - but now is the time  
Let's get back, together again - Let's get back.....together again !

Get back, get back - Get back, get back - Get back, get back

Let's get back, together again - let's get back, together again  
I want a little freedom, but you can see - that you were the freedom

Let's get back, together again - Let's get back, together again  
Get back, get back - Get back, get back

Let's get back, together again - let's get back, together again  
I want a little freedom, but you can see - that you was the freedom

Let's get back, together again - Let's get back, together again  
Get back, get back - Get back, get back

Let's Get Back !
