

5 Damn Days

Aly & AJ

It's only been five days
But I just can't stay
Only five damn days
And you're pulling this

Now I'm just turned off
You should just move on
You really throw me off
When you work like this

I know all your plans
But I play like I don't understand
Oh, boy

Yeah, you did this wrong
Now the good girl's gone
Yeah, you did this wrong
You brought this on
Now the good girl's gone
Throw my coat back on

Saying what I should
Never felt so good
Didn't know I should
Brush you off like this

Yeah, I know all your plans
But I play like I don't understand
Oh, boy

Yeah, you did this wrong
Now the good girl's gone
Yeah, you did this wrong
You brought this on
Now the good girl's gone
This girl is gone

My mama always said
You get out when you can
I didn't think I could but I can

Yeah, you did this wrong
Now the good girl's gone
Yeah, you did this wrong
You brought this on
Now the good girl's gone
Throw my coat back on

Yeah, you did this wrong
Now the good girl's gone
You brought this on
Now the good girl's gone
Yeah, you did this wrong
Now the good girl's gone
You brought this on
Now the good girl's gone
(Now the good girl's gone)
