

Fifteen And A Half

Aly & AJ

Fifteen and a half
Made me sound like I was older
I said fifteen and a half
Then you knew that I was younger

You were so much older
I really thought you knew when you came over
But you were wiser
You said

You should live
You should grow
We shouldn't give into this
Not now

Fifteen and a half
Something's changed, what are they saying?
Something's new, something's different
You said

You should live
You should grow
We shouldn't give into this
Not now

Am I wrong? Am I right?
Maybe I'll understand later
Ooh, ooh
You said

You should live
You should grow
We shouldn't give into this
Not now

Not now
Not now
