

# Today

Aly & AJ

He's Mr. Wrong, Mr. Right,  
Mister, you missed her  
She goes around and around in a circle

He takes her power away  
She wants to give it away

She's always less, always more  
Than he wants her to be  
She tries to bend, not to break quite as easily

He takes her power away  
She wants to give it away

Today, today, today  
She's always finding a way  
Someday, someday, someday  
One day, he'll give in

He takes her in, throws her out,  
The ties are deeper now  
She tries to reach out to him, but he pulls her down

He takes her power away  
She wants to give it away

Today, today, today  
She's always finding a way  
Someday, someday, someday  
One day, he'll give in

He takes her power away  
She wants to give it away

Today, today, today  
She's always finding a way  
Someday, someday, someday  
One day, he'll give in

One day, he'll give in
