

## If You Are

Alyssa Reid

It's a dark road, barely traveled on  
I can't go it alone, not strong enough.  
So can you tell me,  
That you'll walk with me, when the road gets rough  
I don't wanna go, but I know that I can't stay  
Too many thoughts, and so many words  
And too many ways we could get hurt

But I can't follow my heart  
Not if it leads me too far, not if we lose who we are  
But I've known this right from the start  
So I'm ready to run, if you are  
If you are

It's been a long road, but we're moving along  
But if we're in it together, it doesn't matter wherever we go  
I'll never let it slow us down  
Just say you'll stay with me, as we walk along  
I don't wanna go, but I know that I can't stay  
Too many thoughts, and so many words  
And too many ways we could get hurt

But I can't follow my heart  
Not if it leads me too far, not if we lose who we are  
But I've known this right from the start  
So I'm ready to run, if you are

If you're down from the ride, I'll be right beside you  
If you're ready to jump, I'll be right behind you  
If you're lost out there, you know I'll find you  
Wherever you go, You know  
That I'll be right by your side, every day and night  
And when it all seems wrong, I can make it right  
And in the darkness I'll be your light, and together we'll shine

Too many thoughts, and so many words  
And too many ways we could get hurt

But I can't follow my heart  
Not if it leads me too far, not if we lose who we are  
But I've known this right from the start  
So I'm ready to run, if you are.  
I can't follow my heart  
Not if it leads me too far, not if we lose who we are  
But I've known this right from the start  
So I'm ready to run, if you are  
if you are, if you are, if you are.
