See Me

Alyssa Reid

Hold on your feet land, like did I misread it?
Just said why'd you been needing me? Said no you don't see it
I'm trying to stop you from leaving but if you stop you could see it
Oh I'm impatiently waiting, faded baby say you need it

All we had
It was all wrong, now it's all gone
All we had
We can't get it back

What if I changed for you?
Then will you see me?
Still with you
Would love me if I'd
Oh no, oh no
Giving up the real me
And what if I changed for you?
Would you still see me?

Oh no, oh no
Giving up, giving up yea yea yea
Oh no, oh no
Giving up, giving up yea yea yea

If I go your way, do whatever you say
If I give up the good good, if I could would we be okay
I'll be down with it every day, I swear I can make you stay
Don't tell me we're not okay
Baby say this ain't the world

All we had
It was all wrong, now it's all gone
All we had
We can't get it back

What if I changed for you?
Then will you see me?
Still with you
Would love me if I'd
Oh no, oh no
Giving up the real me
And what if I changed for you?
Would you still see me?

Oh no, oh no
Giving up, giving up yea yea yea
Oh no, oh no
Giving up, giving up yea yea yea

Give me fire, give me rain
I'll be waiting with my arms wide open
Give me truth, give me pain
I can love you even when you're broken

I'll give it to you
I'll give all I am for you
What if I changed for you?

What if I changed for you?
Then will you see me?
Still with you
Would love me if I'd
Go now, go now
Covered up the real me
And what if I changed for you?
Would you still see me?

What if I changed for you?
Then will you see me?
Still with you
Would love me if I'd
Go now, go now
