

## Losing You

AM

In the dead of the night  
As the candles die out  
I'm watching her going to sleep  
She has to be strong  
She's left all along  
I have to go out in the fields

You're all I ever wanted

And I can't go on without you  
But some things come between us,  
My love

Words cannot express  
The sorrow I feel  
I wish I could turn back time  
To where we began  
Where love had no end  
And you and me were as one

You're all I ever wanted  
There's just pain without you  
Hear the angels cry in heaven, my love

I'm scared I might be losing you  
and I don't know which way to turn  
I fell I might be losing you  
I can't live my life without your love

The sound of your breath

The smell of your hair

The touch of your golden skin

They keep me awake

Through out every night  
To think of what might have been  
You're all I ever wanted  
You're my life and my lust  
I could never mean to hurt you, my love

I have fought so many battles  
I have suffered so much pain  
Without you to love and hold me  
All of this would be in vain
