

# Mother, Look What They've Done to Me

Amanda Lear

Oh mother, look what they've done to me  
Oh mother, look what they've done to me  
Why all the shame and all the pain? Explain!  
Oh mother, why are they lookin' at me?  
Do you know what they're askin' me?  
He gave me a small broken doll  
but he stole - my soul  
He promised to give me - a doll  
and then he took away - my soul

Oh mother, look what they've done to me  
Oh mother, look what they've done to me  
Oh mother, look what they've done to me

Oh mother, didn't you hear me scream?  
Oh mother, didn't you see me bleed?  
There was so much shame and so much pain, explain!  
Oh mother, why can't you explain?  
What about those bruises on my brain?

Oh mother, look what they've done to me  
Oh mother, look what they've done to me  
Oh mother, look what they've done to me  
Give me back my soul, mother, mother!

Oh mother, look what they've done to me  
Oh mother, look what they've done to me  
He gave me a small broken doll  
but he stole - my soul  
Why all the shame and all the pain  
If you ever leave me alone again?
