

# Double Agent

Amanda Marshall

What-what, what-what, what-what, what-what  
What-what, what-what, what-what, what-what  
What-what, what-what, what-what, what-what

What do you see when you see me?  
You see my long blonde hair and the particular way  
That my lips are shaped  
That my body takes when you talk to me

What do you know when you know me?  
Don't file me under categories, you're deceived  
You don't know me, I'm not only a surface, a country  
What you don't know about me is

I'm a double agent on my mama's side  
The shit I hear you say just blows my mind  
Everytime, recognize

Though who I am to you is not a lie  
I don't have to volunteer and say  
That I was born a particular way  
I got no uniform, I'm camouflaged in any light

Obviously you can't tell  
I'm a double agent on my mama's side

And what do you hear when you hear me?  
I hear you crank up Jay-Z, it's your favorite jam  
And you talk with your hands like an MC  
Betcha never get stopped by the police

You never ask me about me, no, no, no  
About how I feel when you call all your white friends  
Homeboy and nigga and homie  
Oh, please it hurts me and you don't see

What you don't know about me is  
I told you everybody's got a story

I'm a double agent on my mama's side  
The shit I hear you say just blows my mind  
Everytime, recognize

Though who I am to you is not a lie  
I don't have to volunteer and say  
That I was born a particular way  
I got no uniform, I'm camouflaged in any light

Obviously you can't tell  
I'm a double agent on my mama's side

I am invisible, I am  
Am I responsible? I am  
I'm in between it all  
Who is the enemy?

I am part of no plan

My honesty is contraband  
My blood is thicker than any man

What do you like when you like me?  
Don't you like me?  
I am ingredients far beyond flour and molecules  
Calluses, family jewels, I'm no fool

We went to the same school  
Some of your best friends are just like me  
But when they're not around you make jokes and conspire  
The fire gets higher and I feel the heat

Rising underneath  
Who is more deceived?  
What you don't know about me is

I'm a double agent on my mama's side  
And the shit I hear you say just blows my mind  
Everytime, recognize

Though who I am to you is not a lie  
I don't have to volunteer and say  
That I was born a particular way  
I got no uniform, I'm camouflaged in any light

Obviously you can't tell  
I'm a double agent on my mama's side

Double agent on my mama's side  
The shit I hear you say just blows my mind  
Everytime, recognize

Though who I am to you is not a lie  
I don't have to volunteer and say  
That I was born a particular way  
I got no uniform, I'm camouflaged in any light

Obviously you can't tell
