

# Give Up Giving In

Amanda Marshall

I always think about you  
I always will  
I always wonder what might've been  
If we could get time to just stand still

Oh well, it was the right train  
But I guess we must've been off track  
And I've been waitin' for so long  
But now I know you're never comin' back

So I'll give up giving in  
Quit playin' this game, I can't win  
I wish I could stop  
But I don't know where to begin

I wonder how you slipped away  
I wonder why  
I always wonder if there's a chance  
That maybe you know what this is like inside

It's like a bloodstain  
And it's spreadin' across my chest  
And I've been bleedin' for so long  
I think this heart of mine deserves a rest

So I'll give up giving in  
Quit playin' this game, I can't win  
I wish I could stop  
But I don't know where to begin

And now the wolf is at my door  
And it's never gonna be like it was before  
And I have cried 'til I'm insane  
And my head is gettin' cloudy  
It's shrouded in this pain

So I'm givin' up giving in  
Quit playin' this game that I can't win  
I wish I could stop  
But I don't know how to give up giving in

Quit playin' this game that I can't win  
I wish I could stop  
But I don't know how to begin

Gotta give up  
It's never gonna be like it was before  
The wolf is at my door  
It's never gonna be like it was before  
The wolf is at my door  
Gotta give up

It's never gonna be like it was before  
The wolf is at my door  
It's never gonna be like it was before  
The wolf is at my door  
Gotta give up
