

Let's Get Lost

Amanda Marshall

We've done our cold time, you and I
Fought off the raging of this norther sky
And heaven knows I wanna compare
The ocean to your eyes
Baby, let's fly

Doin' hard time, day to day
Huddled beneath this winter sun all frozen gray
You lose your freedom while you watch
The season slip away
But not today

Livin' in the darkness, baby, comin' all undone
Been a cruel December, now we're prayin' for the sun
By the time the storm rolls in, we could be long gone
Baby, let's get lost 'til the days get long
Just you and I

Frost on the outside brings a chill within
Seems like we hide our hearts away when the days get dim
Let's shake it off, let's shake it up
We're not the kind who just give in
So let's begin

Livin' in the darkness, baby, comin' all undone
Been a cruel December, now we're prayin' for the sun
By the time the storm rolls in, we could be long gone
Baby, let's get lost 'til the days get long
Just you and I

Voices in your head say stay
I can hear them too
But those doubts'll fade away
In our room with a view

There's a sweet breeze blowin' somewhere, baby
All you gotta do
Is tell me that it's time to go
And I'll be there with you

Livin' in the darkness, baby, comin' all undone
Been a cruel December, now we're prayin' for the sun
By the time the storm rolls in, we could be long gone
Baby, let's get lost 'til the days get long
Just you and I

Livin' in the darkness, baby, comin' all undone
Been a cruel December, now we're prayin' for the sun
By the time the storm rolls in, we could be long gone
Baby, let's get lost 'til the days get long
Just you and I
