

# Automatic

Amaranthe

It's who I am and what I feel  
My life is automatic  
Up in the air, it's what I breathe  
and it is never static

Don't let it go  
I just want to explode  
While this insanity eradicates my soul  
I am your vision, it's the fire that I come true  
Take it to the limit never look back  
It's non erratic automatic

Please can you save me from myself?

It's who I am and what I feel  
My life is automatic  
Up in the air, it's what I breathe  
and it is never static  
So lift me up and take me high  
and make me everlasting  
'Cause I am automatic

Your precious destiny  
It's madness to behold  
Oh it feels like I'm losing my control  
I want the highway, stalk a loner in the cold  
So don't let go!

Please can you save me from myself?

It's who I am and what I feel  
My life is automatic  
Up in the air, it's what I breathe  
and it is never static  
So lift me up and take me high  
and make me everlasting  
'Cause I am automatic

Your angry vision  
The power and control  
Take it to the limit  
Never look back  
It's not neurotic  
It's automatic!

It's who I am and what I feel  
My life is automatic  
Up in the air, it's what I breathe  
and it is never static  
So lift me up and take me high  
and make me everlasting  
'Cause I am automatic
