

Letters Of Regret

Amber Pacific

I'm lost for you,
With every moment stays true.
I'd go as far as to say,
That I, miss you.
So far away,
I missed my one chance to say,
So to long memories of years that passed away.

On these walls, tell the stories past of years gone by,
Breaking promises,
Pictures up in black and white.
Holding back, all the words I said,
I said good bye,
Open wounds, broken hearts,
Please stay tonight.

So send your letters of regret (So send letters of regret),
It's not the words you never said, (It's not the words you never said)
Sing to me, speak softly now.
Hearts will beat
That empty sound.
