

The Best Mistake

Amber Pacific

I saw what you said last night
Hit me like a house on fire,
I felt, a rush come over me.
Just like, my favorite melody.
I sing when I feel inspired
A night out, and caught off guard
I admit, I don't deserve this
but I know it'll all be worth it.

Just so many things that I wish I could say to you
But I know you never tried,
Too far gone to wonder why
would we ever make things right

We used to be...
A perfect harmony,
But all I see
Was you cam recorded on the T.V. screen
At times I think...
This was all a dream
And it's no lie,
You were the best mistake
And I'll love you til the day I die.

What you did, yeah it kills inside
I can't believe everything I'll find
It sent, a shot right through me
Just like our favorite movie,
With every song that we used to sing,
T.S.L. and The Best of Me
Is now another story
Drawn out and feeling lonely

I want you but I don't know why

Just so many things that I wish I could say to you
But I know you never tried,
Too far gone to wonder why

We used to be...
A perfect harmony,
But all I see
Was you cam recorded on the T.V. screen
At times I think...
This was all a dream
And it's no lie,
You were the best mistake
And I'll love you but I don't know why
