

# What Matters Most

Amber Pacific

Watch as I feel the sky coming down on me tonight  
Feeling fine, knowing I have lived to learn  
There comes a time in our lives when we're face with what's inside  
And if I go, I'll face these bridges burned

We live and we learn  
It's how you'll find yourself in this world

I don't wanna say that I  
Never had the chance to try  
Seeing things in different lights  
I'll see this through

And I don't want regrets on my  
Conscience when I sleep at night  
This is every reason why  
I live my life like I do

I can feel everything in my life is meant to be  
Here and now, there's no better time to grow  
Every day this goes by  
Is it wrong or is it right  
Cause it takes a life to know

We live and we learn  
It's how you'll find your place in this world

I don't wanna say that I  
Never had the chance to try  
Seeing things in different lights  
I'll see this through

And I don't want regrets on my  
Conscience when I sleep at night  
This is every reason why  
I live my life like I do

Like I do  
Like I do

We live and we learn  
It's how you'll find yourself in this world

I don't wanna say that I  
Never had the chance to try  
Seeing things in different lights  
I'll see this through

And I don't want regrets on my  
Conscience when I sleep at night  
This is every reason why  
I live my life like I do

Live my life like I do  
Live my life like I do  
Live my life like I do  
Live my life like I do
