

# Young Love

Amber Pacific

I know you're feeling the weight  
As if it's coming tonight  
There's so much to say but  
It's killing me inside

To know that you're here  
To know that you're mine  
It won't be the same but at least I know we tried

Here we are, the same mistakes and the lies we told  
It's coming down, We've built this up just to just let this fall

When we were young and lived so free  
On top of the world we had this dream  
that it was ever lasting love  
But somehow our love wasn't enough  
I see you standing next to me  
Fearing the worst, we still believed  
That it was us, and our love was strong enough

You pushed me out to the edge  
You held my heart in your hands and now  
You got me breaking again  
You got me tangled with words I've found

Don't leave me now (Don't leave me now)  
I can't breathe, I can't forgive myself

When we were young and lived so free  
On top of the world we had this dream  
that it was ever lasting love  
But somehow our love wasn't enough  
I see you standing next to me  
Fearing the worst, we still believed  
That it was us, and our love was strong enough  
But our love wasn't enough.

Don't leave me now  
I know, it's hard to just let go  
Don't make a sound  
I Can't breathe I can't forgive myself, Wooah  
I Can't forgive myself, Wooah

When we were young and lived so free  
On top of the world we had this dream  
that it was ever lasting love  
But somehow our love wasn't enough  
I see you standing next to me  
Fearing the worst, we still believed  
That it was us, and our love was strong enough  
But our love wasn't enough

Our love was strong enough  
But our love wasn't enough

Our love was strong enough  
But our love wasn't enough
