

Yes

Amber

Summer was in the hills
Water in the canyon
Skin warmed by the sun
I brushed up against him
Wildflowers on fire

And then I asked him with my eyes
To ask again, yes
And then he asked me, would I, yes, yes

I put my arms around him, yes
And drew him down to me
So he could feel my breasts
And his heart was going like mad
And yes, I said yes, I will yes.

The moon rose in the sky
As we laid together
One second goes by
Then becomes forever
Consumed by desire

And then I asked him with my eyes
To ask again, yes
And then he asked me, would I, yes, yes

I put my arms around him, yes
And drew him down to me
So he could feel my breasts
And his heart was going like mad
And yes, I said yes, I will yes.
